We are looking for images of our lovely marina to include in our marketing programs. What better way to look for these than to ask our wonderful marina and yacht club members to send us images they believe will exemplify the beauty of our marina and the wonderful times we have all had here! Right now we are looking in particular for shots of people having fun, people at the pool, dog friendly atmosphere, people and boats sailing.

Please send us your digital photos in jpg, .pdf or .tif by email to Lisa@StingrayPointMarina.com

Make sure to include your name, slip #, boat name and email address.

What a great way to remember a wonderful summer season.

I look forward to seeing your images!
